DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Drawings

2. The proposed drawings were received on 10 June 2003. These proposed drawings are accepted.
3. The drawings filed on 10 June 2003 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

Specification

4. The abstract of the disclosure is objected to because "comprises" on line 2 should be changed to —has— or —includes—. Correction is required. See MPEP § 608.01(b).

Claim Objections

5. Claims 1 and 17 are objected to because of the following informalities:

Art Unit: 2875

Claim 1 line 5, there is lack of antecedent basis for "the single light-emitting diode chip". The examiner suggests "the single light-emitting diode chip" should be changed to --a single light-emitting diode chip--. "a aluminum flat board" should be changed to --an aluminum flat board--.

Claim 17, there are lack of antecedent basis for "the said outgoing holes" and "said copper pins".

Appropriate correction is required.

Remark: the examiner suggests that "a aluminum flat board" in claim 1 line 4 should be amended to --an aluminum *reflecting* flat board-- in order to define the precise scope of the invention.

Allowable Subject Matter

6. Claims 1, 3, 4, 5, 16 and 17 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1, a light emitting diode illuminated module comprises, in combination, an aluminum flat board for reflecting light from a LED chip.

Claims 3, 4, 5, 16 and 17 are dependent on claim 1.

The limitations discussed above are neither disclosed nor suggested by the prior art of record.

Zhang et al. [US 5,924,785] disclose a LED light source module with a bowl shape reflecting surface. Zhang et al. do not disclose or suggest a reflecting flat surface.

Art Unit: 2875

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. This application is in condition for allowance except for the following formal matters:

Drawings, Claim and Abstract objections as set forth above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
